

Architect, Part II, Part III or Technologist

A full time position required but will consider a part time post for the right candidate.

Julian Owen Associates Architects Nottingham NG9

We have a fantastic opportunity for an Architect, Part II, Part III or Technologist to join our team in Beeston Nottingham.

For examples of our work, see Web: www.julianowen.co.uk
Facebook: www.facebook.com/JulianOwenAssociatesArchitects

Candidates must have a minimum of 1 year direct experience working with UK Planning and Building Regulations applications. We undertake a wide range of projects from contemporary/traditional house extensions to one off self build homes, apartment developments, heritage, education, care and commercial sectors.

Opportunities to gain good experience running projects for a suitably qualified person. Salary would be dependent upon experience and skills.

Applicants will need to demonstrate:

- Strong technical and administrative skills
- A high proficiency in the use of AutoCAD
- Sketch-up would also be beneficial
- Ability to work within a team and lead when called upon
- Good verbal and written communication skills
- Experience in coordinating and liaising with other consultants
- A strong command of written and spoken English

No Agencies

Job Type: Full-time or part time
